

# DECK 11

- 
- This diagram illustrates the internal structure of a ship's hull, viewed from the bow to the stern. The hull is shown in a light gray color, with various internal components and structures highlighted in different colors. The diagram is oriented vertically, with the bow at the top and the stern at the bottom. The following components are labeled with numbers:
- 1:** A small, light blue rectangular component located near the bow.
  - 2:** Two small, light blue rectangular components located near the bow.
  - 3:** A small, light blue rectangular component located near the bow.
  - 4:** A large, orange rectangular component located in the middle of the hull.
  - 5:** A small, light blue rectangular component located near the bow.
  - 6:** A small, light blue rectangular component located near the bow.
  - 7:** A small, light blue rectangular component located near the bow.
  - 8:** A small, light blue rectangular component located near the bow.

## DECK 5

- 
- The floor plan of the 1st floor of the National Diet Building is divided into two main sections: the Chamber of Deputies (left) and the Chamber of Councillors (right). The Chamber of Deputies is a large hall with a semi-circular shape, featuring a central aisle and side aisles. The Chamber of Councillors is a smaller hall with a similar semi-circular shape. The plan includes room numbers, names of rooms, and the names of the members of the Diet. The Chamber of Deputies is color-coded in purple, the Chamber of Councillors in yellow, and other rooms in green. The plan is oriented with the entrance at the top.
- | Room Number | Room Name              | Member Name |
|-------------|------------------------|-------------|
| 4201        | Chamber of Deputies    | Yoshida     |
| 4202        | Chamber of Deputies    | Yoshida     |
